
Raine & Humble

GONE WILD

Gone Wild

The introduction of recycled fabric was an exciting and important milestone for Raine & Humble, influencing the design of the Gone Wild collection.

Celebrating this renewed commitment to environmentally centred production through recycled cotton, we developed a safari-themed new range incorporating motifs and patterns from the natural world.

Playful and fun, the Cheetahs Gone Wild print is a particularly great fit for kids bedrooms, while the collection's neutral palette is tame enough to suit more grown up interiors.

We invite you to add a little personality and warmth to your kitchen and family room, with animal prints and wild stripes - designed with love and made ethically by the team at Raine & Humble.

ADVENTUROUS, PLAYFUL, BOLD
