SOAPERY

Raine & Humble is proud to launch our new soap & brush range.

Natural soap bars are both nurturing for the skin and a plastic free choice to reduce landfill.

In the past 4 years we have been learning the science of handmade soap, researching and learning the benefits of natural essential oils.

We have now used this knowledge to develop this range of luxurious soaps to use and share with your loved ones.

PURIFY, INDULGE & SPOIL YOURSELF!
